What aspects of this teaching assistant's (Kaleigh Ruiz) teaching were most helpful to you?

Comments
One on one coaching, and the tailored feedback in response to assignments
Basically led half the class. Impeccable teaching and really engaging with students.
Kaleigh was excellent at explaining concepts, encouraged vibrant discussion and created excellent slides.
Her PowerPoint and lead class discussion encouraged participation
Kaleigh was very engaging and knowledgeable about the topic, and will have a great career in teaching if she chooses to pursue that path. She was a good communicator in lectures and over email, and the knowledge checks she did during the lectures were fun and kept us paying attention (not that we otherwise wouldn't have been paying attention).
With absolutely no disrespect toward the GOAT Professor Ed Rubin, Kaleigh was very good at keeping the class moving and on track at times. I especially enjoyed the PowerPoints about more specific legal concepts, which felt like a crash course that I definitely needed and appreciated in a fast–paced, efficient way.
She was both approachable and not afraid to challenge students opinions publicly. This encouraged deeper discussions within class, and I liked that.
I really enjoyed the way Kaleigh led the class. She struck a great balance between open discussions that drew all students in and focused informational presentations on different legal principles relevant to the course. She always made class engaging and ensured that all students' voices were heard
Everything. We love her.
