10th Annual Mohide Lectureship 2023

Dr. Giulia Muraca was awarded for her research:

"Crude and adjusted comparisons of cesarean delivery rates using the Robson classification: A population-based cohort study in Canada and Sweden, 2004 to 2016"

Dr. Giulia Muraca

Dr. Giulia Muraca is a perinatal epidemiologist and an Assistant Professor in the Departments of Obstetrics and Gynecology and Health Research Methods, Evidence & Impact at McMaster University. She received her doctorate in perinatal epidemiology at the University of British Columbia and completed a post-doctoral fellowship at the Karolinska Institutet in Stockholm, Sweden.

She is now the Principal Investigator of the Muraca Perinatal Epidemiology Research Lab (PERL) at McMaster, a group of investigators and trainees that specialize in linking and analyzing large datasets to study maternal, fetal, and neonatal health and health services, with an emphasis on care quality, accessibility, and equity.

McMaster University Obstetrics and Gynecology

The Mohide Lectureship

The Mohide Lectureship was established by **Dr. Patrick T. Mohide** in 2013 to recognize published work by members of the Department of Obstetrics and Gynecology and/or McMaster University. The goal is to share with other members of the Department, and the University as a whole, key research performed by members of the Department of Obstetrics and Gynecology and McMaster University. Dr. Patrick T. Mohide is a Professor in the Department of Obstetrics and Gynecology at McMaster University, and a member of the Active Staff of the Clinical Dept of Obstetrics and Gynecology and the Dept of Radiology at Hamilton Health Sciences Corp, in Hamilton, Ontario. He has served as Chair of the Department from 1999 to 2010.
