PROFESSIONAL EXPERIENCE

2022-Present — Research Director
Indiana Education for All Initiative

- Lead research on higher education accessibility for individuals during and after incarceration,
- Facilitate evidence-based policy recommendations to promote educational opportunities and reintegration support.
- Establish and maintain partnerships with correctional institutions, academic institutions, and community organizations, fostering collaboration to enhance the Initiative's mission.

2021-2023 Volunteer Management Coordinator
Programs and Operations, From Prison Cells to PhD

- Recruited, trained, and maintained records for all external partners and volunteers engaging with the organization.
- Developed strategies through collected data to promote volunteer engagement and recognize service.
- Supervised 180 volunteers across all P2P programs through face-to-face and remote conference systems for members nationwide and abroad.

2021-2022 MPH Practicum Internship
Husky Post Prison Pathways Lab, University of Washington - Tacoma

- Developed Pierce County post-prison higher education reentry guide to support formerly incarcerated students.
- Strengthened relationships between Pierce County colleges, universities, and public health agencies.
- Built institution and agency ties to reentry support providers in the county through coalition forming.

2006-2016 Community Affairs Officer
Community Affairs Branch, Indianapolis Metropolitan Police Department

- Engaged in community-based participatory research with a multidisciplinary team that addressed quality-of-life concerns outside traditional law enforcement actions.
- Led a team of 36 direct report volunteers to conduct city outreach programming and youth development.
- Managed a $350,000 budget partially provided by the city budget, local partnerships, and donations to operate youth outreach programming, including Learning for Life, Police Athletic League, and Housing Support initiatives.
