

CWC LEADERSHIP SCHOLARS

Program Overview

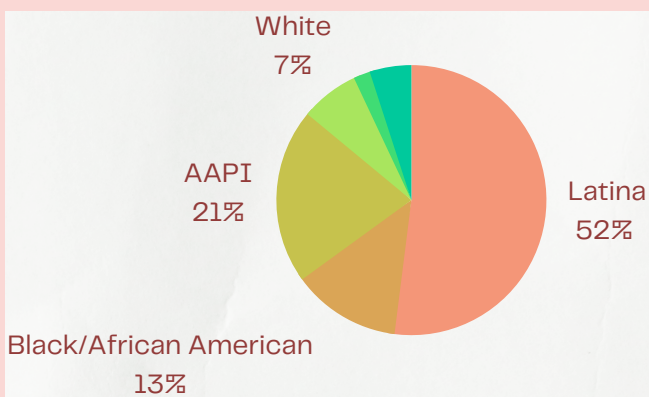

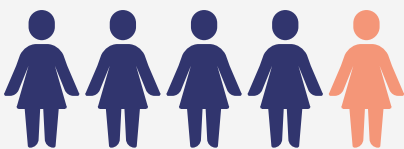

FIRST GENERATION

CWC Scholars who are first-generation college students.

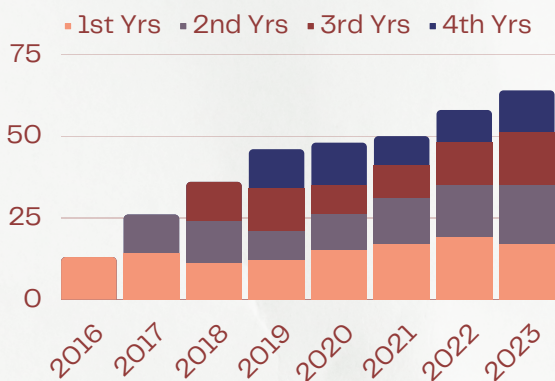

LGBTQ+

1 in 5 CWC Leadership Scholars identify LGBTQ+

Race/Ethnicity

Most Scholars identify as Women of Color

Cohorts

Since 2016, cohorts have consisted of between 11-19 students.

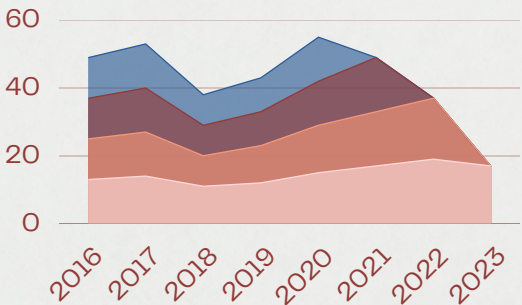

In 2023, there are 61 students in the program

Connections & Relationships

We incorporate a high level of personal connection with students through faculty/staff 1:1's each quarter, retreats in fall and winter, and traditional events including speakers and celebrations for graduates.

PERSISTENCE

Each cohort has had 1-2 students drop. The most common reason is financial need – where students leave DU. Since 2016, three students have dropped the program and remained at DU.

Time

My time is spent mainly in teaching and administrative efforts. I also prioritize building relationships with students through 1:1's and co-curricular events.
