Employement

Istanbul Bilgi University | Marketing Specialist | 06/2023 - 08/2023

- Guided prospective students through the enchanting university campus and its diverse majors during the summer months.

CEFIS | Lab Assistant | 03/2024 - 06/2024

- Entrusted with supporting the esteemed 'CEFIS Laboratories' by facilitating essential operational tasks, including the collection of economic data, executing MatLAB models, and crafting the economic calendar for forthcoming monetary policy regulations.
- Worked under the esteemed guidance of Prof. Dr. Ege Yazgan and Dr. Özlem Derici Şengül.

Olivetti Turkey | Production Planning Intern 06/2024 - 08/2024

- Engaged within the production facility, my mission was to enhance the processes of production and storage planning for the illustrious Olivetti printing machines.

Kadir Has University | Research Internship 03/2024 - Present

- Contributing to the TUBITAK 2209A project titled 'Environmental Sustainability Analysis of Higher Education Institutions in Turkey' alongside Prof. Dr. Volkan Ş. Ediger, where I manage databases and delve into data analysis.

Taurus Group Consultancy (TAG) | HR Consultancy Intern 01/2025 - 02/2025

- In this realm of consultancy, I assist both senior and junior consultants in crafting vital materials such as training schedules and product marketing slides. My fascination lies in the art of simulation creation, where I tailor 'Knolskape' simulations prior to executive training sessions to cater to their unique needs.
