What did you appreciate most about this class?

It was very clear Laura was putting in a lot of effort into making the discussions as useful as possible. Although she didn't always have an answer to our questions, she tried her best to answer them or said she would get back to us with a better answer. One time, she stopped me outside the TLC a few hours after discussion to provide an answer to a question I asked in discussion that she couldn't answer right away and I really appreciated that!

I appreciated the simplicity of how the TA's taught compared to the professor.

Very nice and helpful

Is there anything you would like to see the TA do to improve his/her teaching?

Sometimes Laura would get overly worried that she wasn't leading the discussion well or not going at the right speed. I would encourage her to relax! Overall her course and effort she put into leading discussion was better than most discussions I've been in and much appreciated.
